### **Eriez® Expands Express Shipping Program for Suspended Electromagnets**

Erie, PA—[Eriez®](#) has increased its commitment to express shipping of [suspended electromagnets](#) by boosting inventory levels to ensure faster delivery and meet growing demand. Six of the company's most popular manual clean SE-7000 Series Suspended Electromagnet models are now available for shipping within 10 days through the [Eriez Quick Ship stocking program](#).

With a range of sizes from 42 to 78 inches wide, the CSA-approved [suspended electromagnets](#) in this Quick Ship program work for most typical conveyor widths and include options for suspension style, junction box rating, high elevations and oil type. Eriez also offers express shipping for controls.

Eriez [suspended electromagnets](#) are generally hung over conveyor belts carrying coal, minerals, aggregates, wood chips and other bulk materials. They efficiently and effectively remove dangerous tramp iron to protect crushers, hammer mills, conveyor belts and other sensitive processing equipment from damage.

“Eriez suspended electromagnets are second to none,” says Eriez Director of Sales and Product Management Jeff Kaveney. “We optimize magnetic strength through our proprietary coil and core designs and innovative winding techniques.” He adds, “Matched with superior materials, coolants, controls and a patented expansion tank design, our suspended electromagnets provide industry leading strength and coil life.”

For more information about Eriez suspended electromagnets, visit <http://erieznews.com/nr485>. To download a Quick Ship equipment catalog, go to <http://erieznews.com/nr485catalog>.

Eriez is recognized as world authority in separation technologies. The company's magnetic lift and separation, metal detection, fluid recycling, flotation, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, plastics, rubber, recycling, food, mining, aggregate and textile industries. Eriez manufactures and markets these products through 12 international subsidiaries located on six continents. For more information, call (814) 835-6000. For online users, visit [www.eriez.com](http://www.eriez.com) or send email to [eriez@eriez.com](mailto:eriez@eriez.com). Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
